Intertek

This document supersedes all previous Authorizations to Mark for the noted Report Number.

This Authorization to Mark is for the exclusive use of Intertek's Client and is provided pursuant to the Certification agreement between Intertek and its Client. Intertek's responsibility and liability are limited to the terms and conditions of the agreement. Intertek assumes no liability to any party, other than to the Client in accordance with the agreement, for any loss, expense or damage occasioned by the use of this Authorization to Mark. Only the Client is authorized to permit copying or distribution of this Authorization to Mark and then only in its entirety. Use of Intertek's Certification mark is restricted to the conditions laid out in the agreement and in this Authorization to Mark. Any further use of the Intertek name for the sale or advertisement of the tested material, product or service must first be approved in writing by Intertek. Initial Factory Assessments and Follow up Services are for the purpose of assuring appropriate usage of the Certification mark in accordance with the agreement, they are not for the purposes of production quality control and do not relieve the Client of their obligations in this respect.

Testing Standard(s):	CSA A277 (2016)
Product:	Wasea Metal Industries Ltd. - Factory Built Buildings

ATM for Report: 104504373

ATM Issue Date: 12/7/2020

Listing Section(s): MANUFACTURED HOUSING - FACTORY BUILT MODULAR HOMES

CSI Code(s): 13 34 00 Fabricated Engineered Structures

Description:

CSA A277* Rated Factory Built Buildings

The factory-built buildings are constructed at the Wasea Metal Industries Ltd. manufacturing facility located in Rocky View County, AB and transported to the intended building site. The certification covers the design, manufacture, and erection of both self-framing and rigid frame steel buildings, modules, and other shelters. The prefabricated structures housing existing piping, mechanical, or electrical equipment are shipped together at the building site when completed.

The certification applies to in-factory built and assembled prefabricated structures and all electrical and plumbing components attached to it and comply with the requirements of the building code, regulations, and standards that apply at the final location.

The certification does not cover portions of buildings or services that are not completed in the factory, site connections to municipal services, and transport of buildings or their erection at the building site.

The Intertek mark warrants an approved factory quality program and is intended to provide a means of verifying that the prefabricated portion of a building, module, or panel, has been designed and built to meet or exceed the requirements of the appropriate building code or/and standards

Applicable Codes / Standards

- CSA A277* Procedure for certification of prefabricated buildings, modules, and panels
- National Building Code of Canada*
- Alberta Building Code*
- Provincial Building Code*, as applicable
